

Making the Connections

GRREC and their Division of Special Education are excited to offer a professional development workshop for special education math teachers! This three-day event will focus on making the connections between the KY Core Academic Standards, End-of-Course Algebra II exam, ACT and strategies for student success. Implementation of the TI-84+ graphing calculator and the Zoom Math calculator program will also be a key component of this workshop.

In this training, participants will:

Look deeply into the mathematical content to build understanding
Discuss Quality Core constructed response items and criteria for scoring
Investigate strategies that support the mathematical practice standards
Gain hands-on experience using the TI-84+ as a tool for teaching and learning
View ACT sample test items and suggested test-taking strategies
Engage in student-centered activities that promote reasoning and problem-solving
